The board (the “**Board**”) of directors (the “**Directors**”) of Hua Medicine (the “**Company**”) announces that on March 28, 2025, the Company granted share options (the “**Share Options**”) to three executive Directors, 117 employees of the Company and one Service Provider (as defined under the Listing Rules) pursuant to the Company’s share option scheme which was conditionally approved and adopted on August 26, 2018 and effective beginning September 14, 2018 (the “**Share Option Scheme**”) (collectively, the “**Grantees**”), subject to acceptance by the Grantees. The Share Options entitle the Grantees to subscribe for a total of 9,700,000 new shares with a nominal value of US\$0.001 each (the “**Shares**”) in the share capital of the Company.

Details of the Share Options granted are as follows:

The remaining 75% of the Share Options shall be vested in 36 monthly installments thereafter, subject to the Grantees' continued employment from the date of grant.
Performance targets and clawback mechanisms:	There is no performance target or clawback mechanism attached to the Share Options granted. In particular, upon taking into consideration that the grants are in recognition for the outstanding performance of the executive Directors, senior managers and selected employees, which helped the Company in achieving various milestones in 2024 that are critical for the Company's future development and growth, the remuneration committee of the Company is of the view that it is not necessary to set performance target and clawback mechanism for the grants to the three executive Directors and senior managers because such grants could reinforce their commitment to long term services of the Company. As such, the arrangement is aligned with the purpose of the Share Option Scheme.

An aggregate of 9,700,000 Share Options were granted to the Directors, employees of the Group and the Service Provider as detailed below:

As disclosed above, 150,000 Share Options were granted to one Service Provider who provides services to the Group on a continuing or recurring basis in its ordinary and usual course of business which are in the interests of the long term growth of the Group. The purpose of the Share Option Scheme is to enable the Group to grant options to selected participants as incentives or rewards for their contribution to the Group. The Directors consider the Share Option Scheme, with its broadened basis of participation, will enable the Group to reward the employees, the Directors and other selected participants for their contributions to the Group. It is expected that grantees of an option will make an effort to contribute to the development of the Group so as to bring about an increased market price of the Shares in order to capitalize on the benefits of the options granted. The Board is of the view that the grant to the Service Provider is appropriate to enhance the long term relationship with the Service Provider by aligning his interests with that of the Company and shareholders and is therefore in line with the purpose of the Share Option Scheme.
